DEATH

Lies...
But aren't... aren't we...
Its true.
Friends?
!
NGH

WAH
ah.
Camu
why?
.....
stop using
illusions.
Camu ..
.....
?

No matter how hard you try to hide it, you can't hide the smell of blood
The smell of Camu's blood and Naoto's too...
You are hurt aren't you ?
!
ぽたぽた
Seriously ...
Don't say anything, Levi...
Haa

Quickly, Camu!
What?
In that case,
let's find Lucia.
You arent in any condition to stand.
HOW TROUBLESOME
I will carry you, until we get to the dragon mounts.
I...
Can`t follow lucia any more.
I...

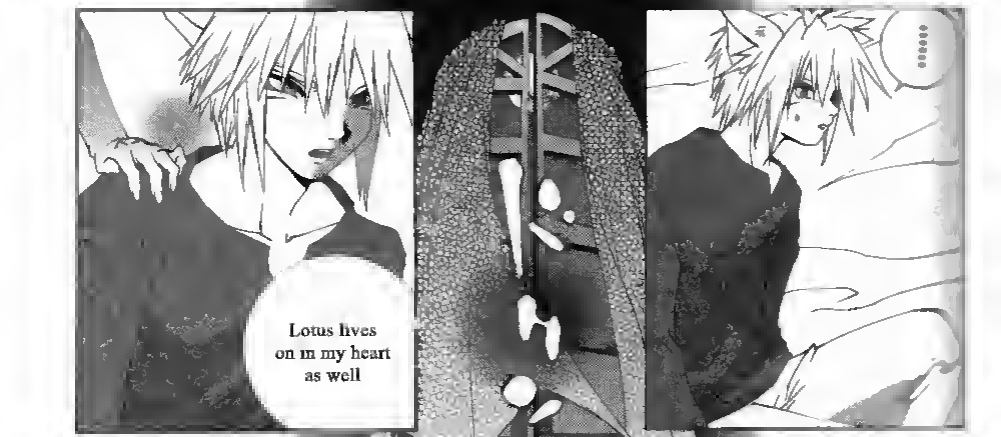
I've realized...
I see Lotus in her...
I've always had
Camu!
I will protect Lucia...
Because I've made a deal with Lotus.
.....
Me too..
Eh?

Even though
he likes to lie,
In the end,
at least he said...
False words,
Fake smiles...

that is true...
one thing...

"PROMISE ME..."

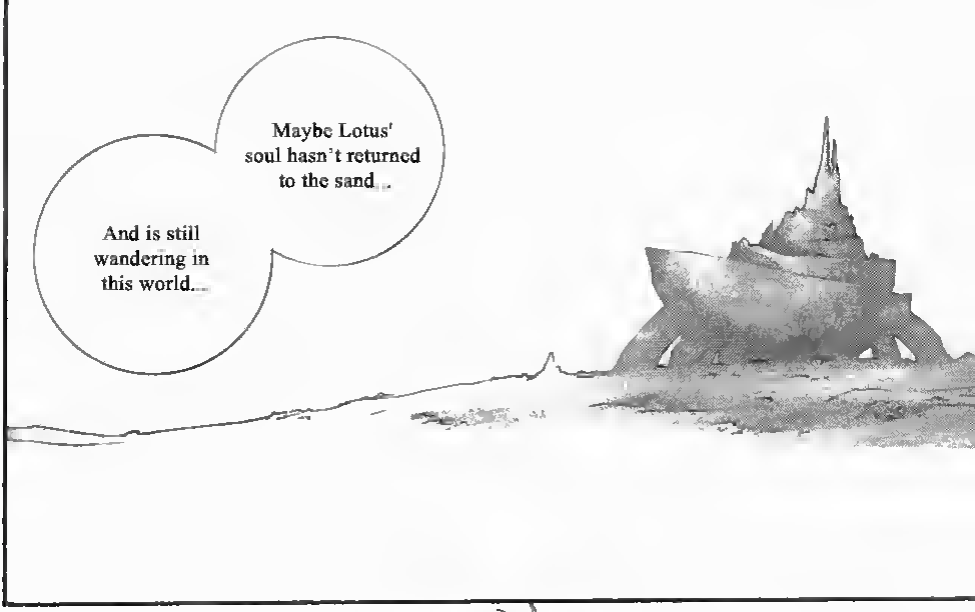
Maybe I just
want to think
that it's true...
YOU WILL
PROTECT
CORAL.



Lotus lives
on in my heart
as well
.....

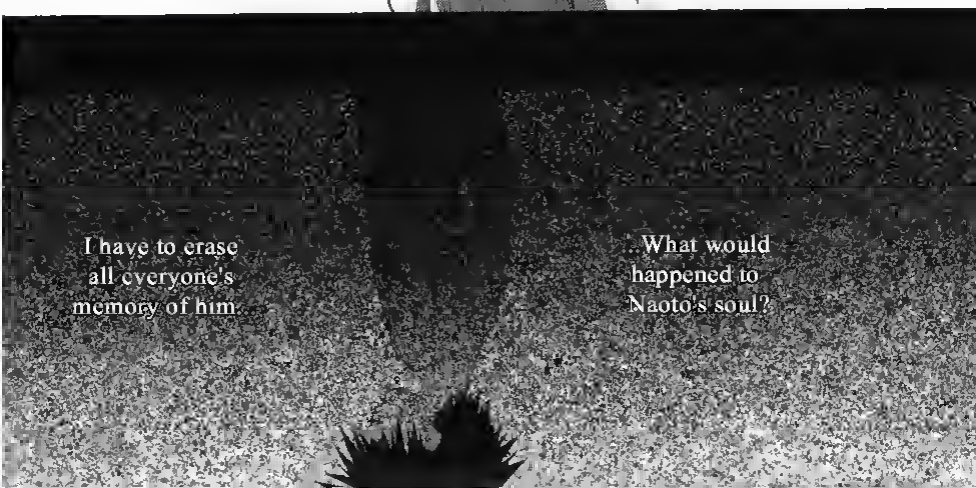
His words..
were the first time someone had spoken to me like that...
If It was someone other than Lotus that appeared that night..
To protect Lucia, could I have murdered someone unrelated.
And yet I...
"You..."
I raised the knife, but I can't remember anything after that...
I killed him...
If I try to remember, the feeling of uneasiness overwhelms me.
Could still be alive.
I think that Lotus,
Still alive?

Hehe...
That can't be..
It's been a long time... even if he wasn't killed by me, being a Lucavifate he couldn't have lived long
Leaving an impression on people's hearts was his specialty
Even if hes's dead, he still lives on in the hearts of others



The body, mind, and soul turns to dust and disappears... But...

When the life of a Sand Dust ends...



!?
Hey Camu, try not to use any strange spells
Stop shouldering it all alone! Aren't we friends?
AH!
Hey! Quit moving around!
KYA!
T--
That's...
Just like the time with Lotus...
I can't seem to forget it...
I know... even if you don't say it
Since she's the one who summoned Naoto!
Leave Naoto for later, right now let's find lucia!

The new magic stone isn't working either.
How can it be..?
We have to think of something...
The main body is running out of power.
there's nothing more I can do.
I give up
Me too.
Master Slaydiiis!

You're kinda cute like that!
Hahaha!
Slaydis, please do something with your power!
Don't say that! I'll die if this goes on!
We have to find the trans-dimensional dragon, to counteract this!
That's it, Slaydis!
Our petrification is geting faster.
At this rate.. we will die, Understand?
And we, Elphis, are supposed to be immortals, so why are there only three of us left?!
How long do you think this dimensional problem of upper Orgos will last?
Isn't it weirder to have immortality?
What's so bad about death?

Right!
How can we die like this!
Ughh!
I don't want to die!
CRACK
Looks like that stomp... did him in...
Ah...
There are people living well below.
You should go to the lower level.
At the moment, the curse only affect the upper level.
Noo
I don't want to turn to stone.

Lower level?!
You're telling me to go to the lowermost region of Orgos?! Stop joking around!!
If I have to live with those ants of Sand Dust,
I'd rather die!!
hahaha...
The knowledge of life for us, the Elphis...
?
is only to this extent...
What are you trying to say, Slaydis?
Dura
we, Elphis...
do not die, but we also do not 'live'

They "live" despite their short lives...
But I see them differently!
Even though, both Sardis and you hate the Sand Dust,
Then...
Why don't you go to there...
Yourself?
Our life will end soon
?
The Sand Dust have a saying...
If I could...
I would like you see how the Sand Dust, the girl with Lucavifate blood, Lucia, will die...

"I love you,"
Dura...

And Lucia?
Where is this place?
Yo~
!
What happened to me?
uhh...

Tell me something first, is this the real world or my fantasy?
You again! Mec!
We are in a space between two dimensions.
Neither.
I don't get it...
?
Only you would go against the trans-dimenional dragon's prediction.
Nothing.
I'm just a bit interested in you.
What do you want?
And quit using Chisato's face!

How fortunate it seems the limit of your imagination will lead to "intensive hemorrhage."
.....?
it seems you can see Lucia, although only through your conciousness.
Very good...
My arms... Legs...
The wounds have disappeared...
What happend?
even my clothes have change
I...
What ..
What are you saying? I...

It's simple, haven't you noticed you've died.
.....
.....Died?

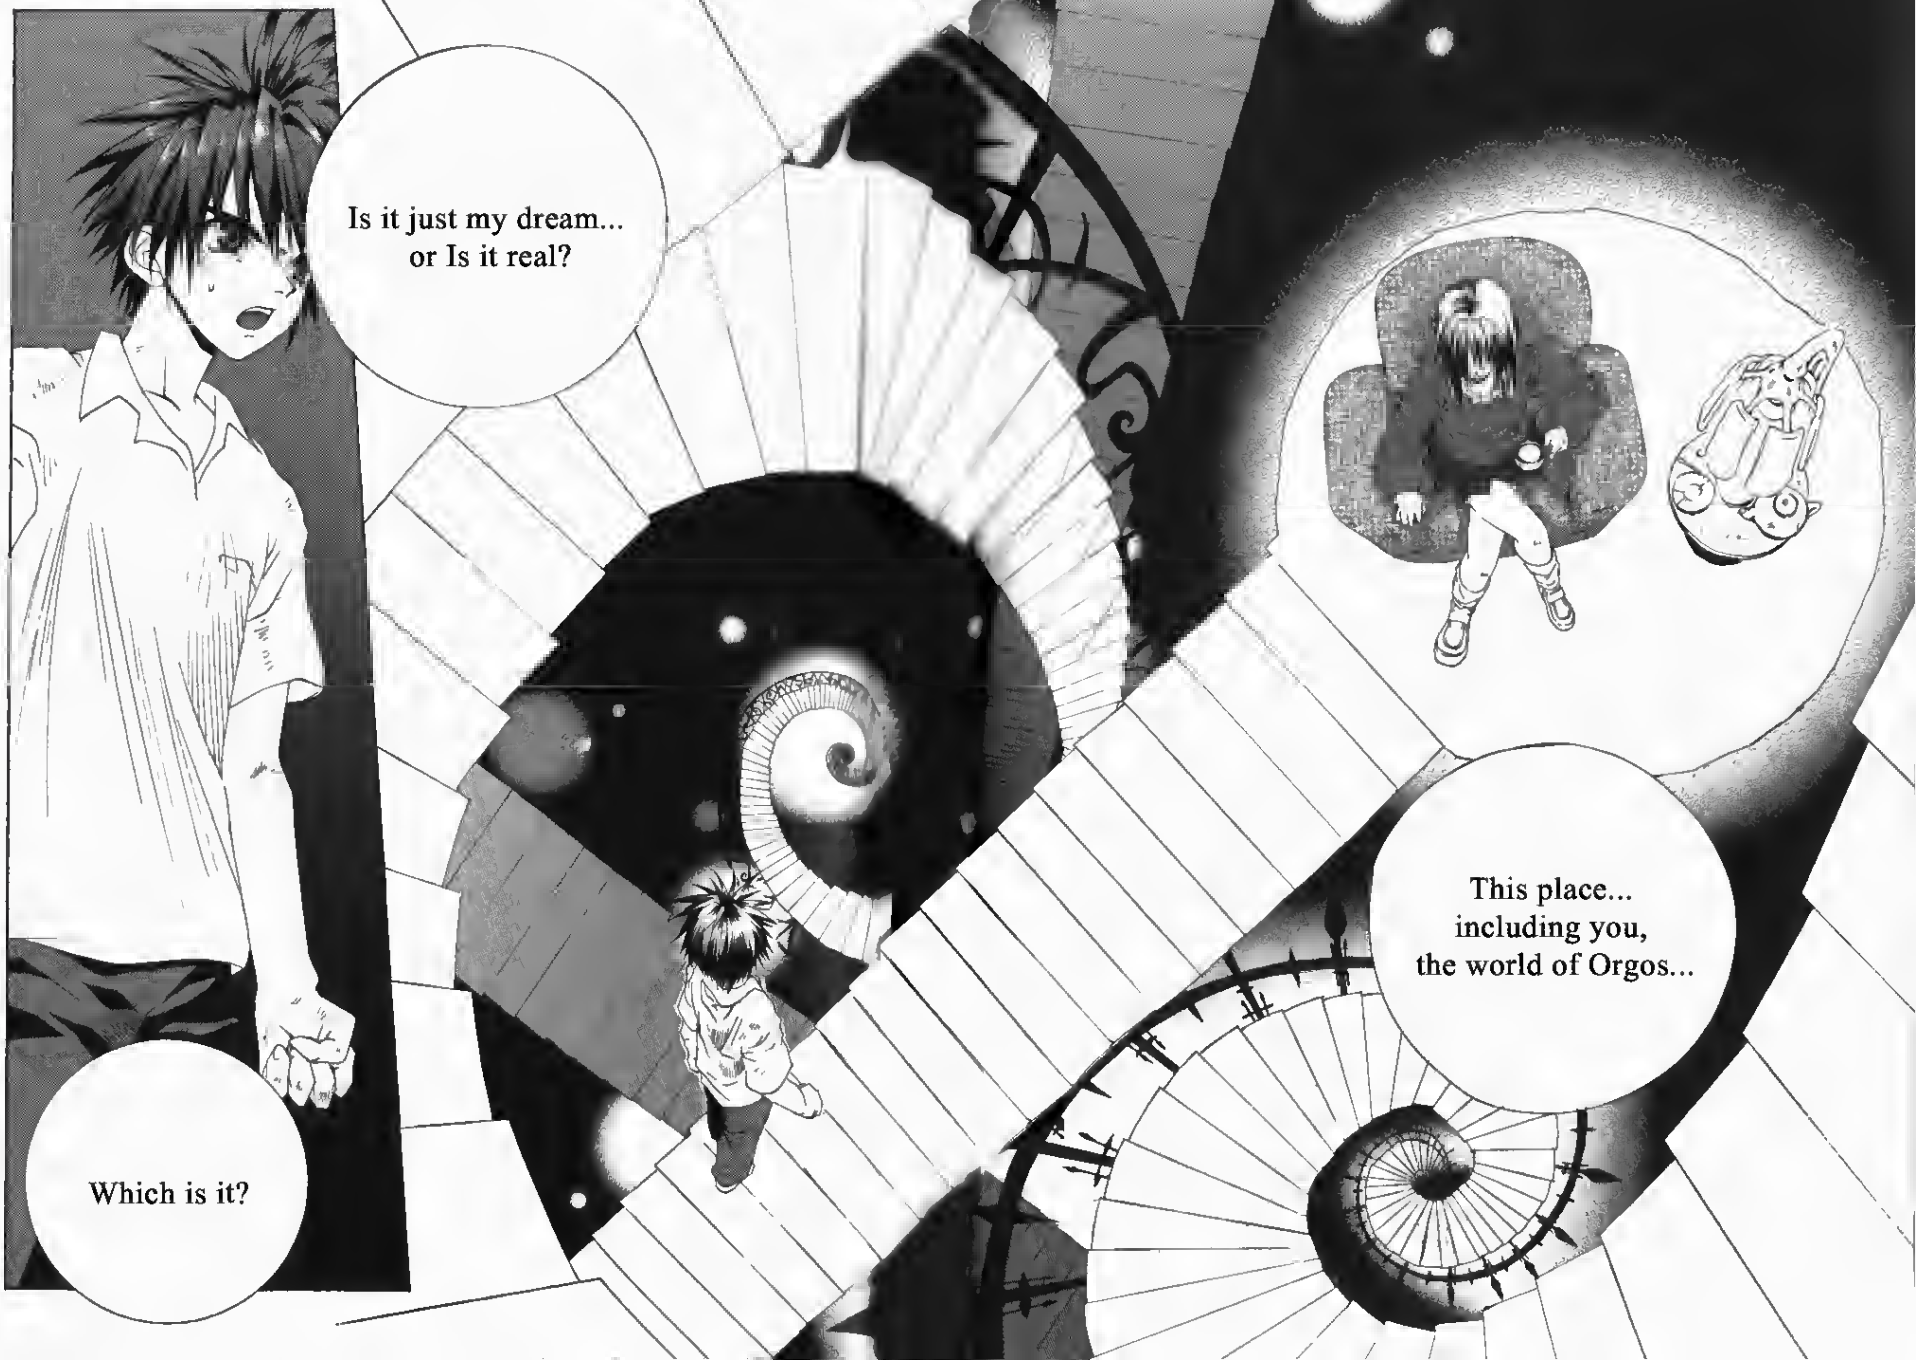
I have died...?!
殺され…て…
No... It can't be...
I... died?
You were killed by Camu.
Even though you have a strong power,
Then...
Take me back to my world!!
Then!
If I'm really dead!

Why haven't woken up yet!
You said if I died in Orgos, I could go back, didn't you?!
I'm still dreaming...
You can go back to your world without any problem.
But your soul is strongly tied to Orgos.
Actually...
スタ…
ポ

?
So what?
That means I can go back to Orgos?!
Then...?!
.....
Your body doesn't exists
Your hands, feet, and organs have all been destroyed.
Even thought you have unconciously replaced those to continue to fight...
when your conciousness disappear, so will your body.
It isn't possible for you to return to your body, it's only your conciousness that is left
If you go back to Orgos like this, you will only feel alone.
No one will notice your presence, and you will be forgotten.

Unless... you aren't satisfied until you see Lucia die?
I only have to materialize.
That's it...
That's it! I still want to see Lucia!
I have to feel it... the link between Lucia and I...
If I could materialize my arms and my feet...
Then I can materialize my entire body...
If it is this world...
If it is this world where anything can happen, then I only have to imagine it...!!

Why?
It is impossible
But by yourself it is impossible.
It isn't that it can't be done...
Do you understand?
Always I had that doubt...
Can I ask you something one more time?



Is it just my dream...
or Is it real?
Which is it?
This place...
including you,
the world of Orgos...

Light..?
this light... just like when Lucia summoned me...!
